

Digital Gender Inclusion and Innovation Bootcamp 2024

Donor Engagement Session

The **Digital Gender Inclusion and Innovation Bootcamp** is UNHCR's online initiative to **strengthen the capacity** of organizations led by forcibly displaced and stateless women in **digital gender equality** & **bridging the digital gender divide**. This year we have **40+ women refugee-led organizations** participating!

The primary objective of this **donor engagement session** is to foster a **safe, collaborative environment** where organizations led by displaced and stateless women can engage meaningfully with **key stakeholders** on digital gender equality and **bridging the digital gender divide**.

 **Date:** Wednesday, 11th December

 **Times:** 14:00 - 16:00 CET (2 hours)

 **Interpretation** available in English, Arabic, French, and Spanish.

 **Registration:** [Click here to register](#) or scan the QR code

(Available in English and Spanish)

2024 Bootcamp Sessions

- Introduction to the **Digital Gender Divide** and overview of the evidence-based digital gender divide among displaced populations.
- UNHCR's strategies and approaches to **tackling the digital gender divide**.
- Identifying digital gender inclusion barriers and gaps in the humanitarian contexts using the **Connectivity, Needs and Usage Assessment (CoNUA) toolkit** from GSMA.
- Crafting and delivering digital skills training through GSMA's **Mobile Internet Skills Training Toolkit (MISTT)**.
- Ensuring **digital Accountability to Affected People (AAP)**.
- Enhancing **digital safety and protection of women and girls** from digital risks and online harm.
- Leveraging **digital livelihood for women's economic empowerment**.
- **Holistic project management**, with a closer look to applying for grants.
- Working with UNHCR - **Opportunities for women-led organizations (WLOs)**.
- Presenting various **funding opportunities for digital gender equality**.
- **Peer-to-Peer Networking** sessions.

UNHCR is committed to bridging the digital gender divide among forcibly displaced and stateless people to ensure no one is left behind in the digital age.
